

Cedric Avery Mini-Marathons Points System

The aim is to be fair but also to encourage participation, over the years we have modified the system and will always welcome feed backs so we can improve it in future years. However, the system needs to be simple, so it can easily be understood and calculated.

Gender

Whilst paddlers will race according to ability, points will be awarded to first female, male, and transgender in each distance.

Beginners race

First place in each category will earn 10 points, with second earning 9, and third 8, and so on with tenth place and all subsequent paddlers collecting 1 point each.

Intermediate Race

First place in each category to collect 20 points, 18 for second, 16 for third, etcetera, with tenth and subsequent paddlers collecting 2 points each.

Half Marathon Race

Winner takes 30 points, second 27 points, third 24 points, down to 3 for tenth and subsequent paddlers.
